

# Cuff Studio

## Installation Instructions: Ball & Chain

Whimsical and textural, handmade in Los Angeles and inspired by glass fishing floats, the Cuff Studio Ball & Chain pendant unexpectedly wraps weighty metal chains over a clear glass shade reflecting unique patterns of light along the ceiling.

1. Ensure that j-box can sustain the overall weight of fixture. Reinforce if necessary.
2. Feed electrical wires through provided threaded pipe.
3. Attach all respective electrical wires to ceiling housing.
4. Attach provided threaded pipe to j-box, and slip canopy over threaded pipe. Then attach main pendant loop to threaded pipe and canopy.
5. Screw provided light bulb into socket.
6. Remove end caps from the three canopy arms.
7. Slip glass globe over bulb, and attach one chain to each canopy arm. Replace end caps to secure chains and globe in place.

Care: Dust regularly with a soft dry cloth or feather duster. Do not use a wet cloth or any chemical cleansers. Professional installation by a certified electrician recommended.
