

Cuff Studio

Installation Instructions: Intersect Sconce

Hand forged and solid brass, straight edges meet curves to form the Cuff Studio Intersect Sconce which can be installed in direction of choice.

1. Ensure that j-box can sustain the overall weight of fixture. Reinforce if necessary.
2. Pull electrical wires through the hole in the center of the round mounting bracket/plate, and attach the mounting bracket/plate to j-box using appropriate screws. Mounting bracket/plate should be placed in desired direction of the sconce, as fixture can be installed in multiple directions.
3. Attach all respective electrical wires to wall housing.
4. Align the 4 holes on the side of the sconce with the 4 tabs on the mounting bracket/plate. Attach the sconce to the mounting bracket/plate with the provided screws.

Care: Dust regularly with a soft dry cloth or feather duster. Do not use a wet cloth or any chemical cleansers. Professional installation by a certified electrician recommended.
